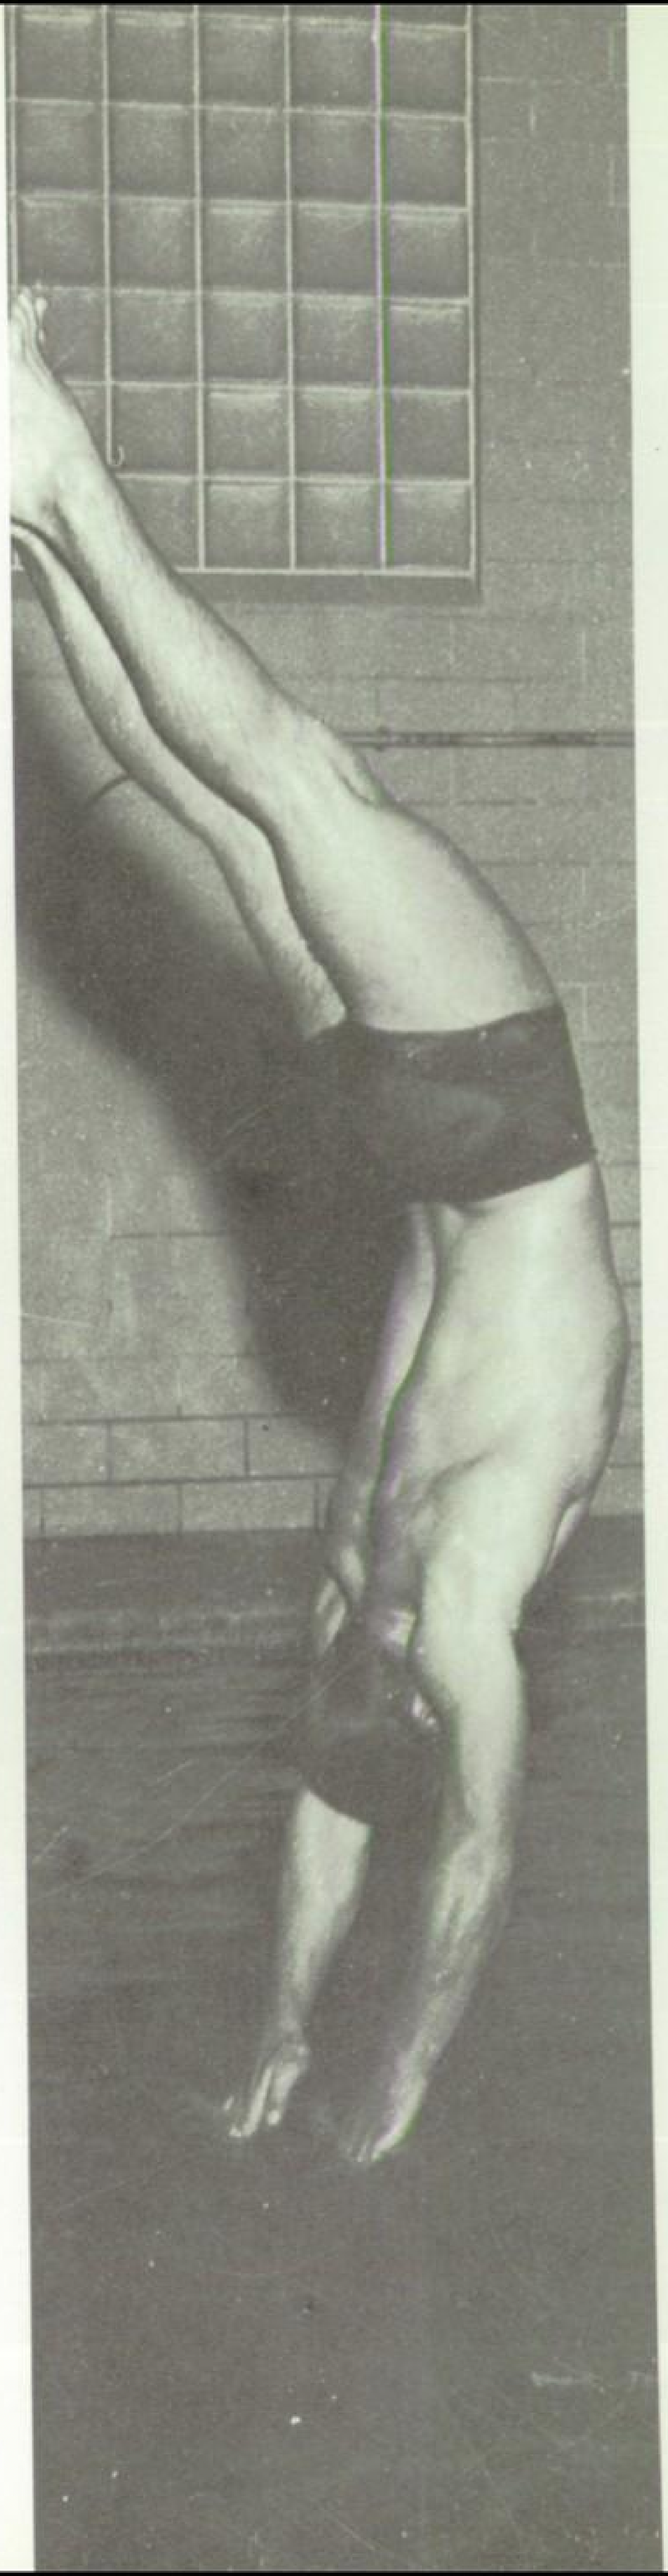
Spells People

The building resounds with their laughter and conversation. The spirit of Ritenour depends on the students. Without students, Ritenour is merely an empty building.



R

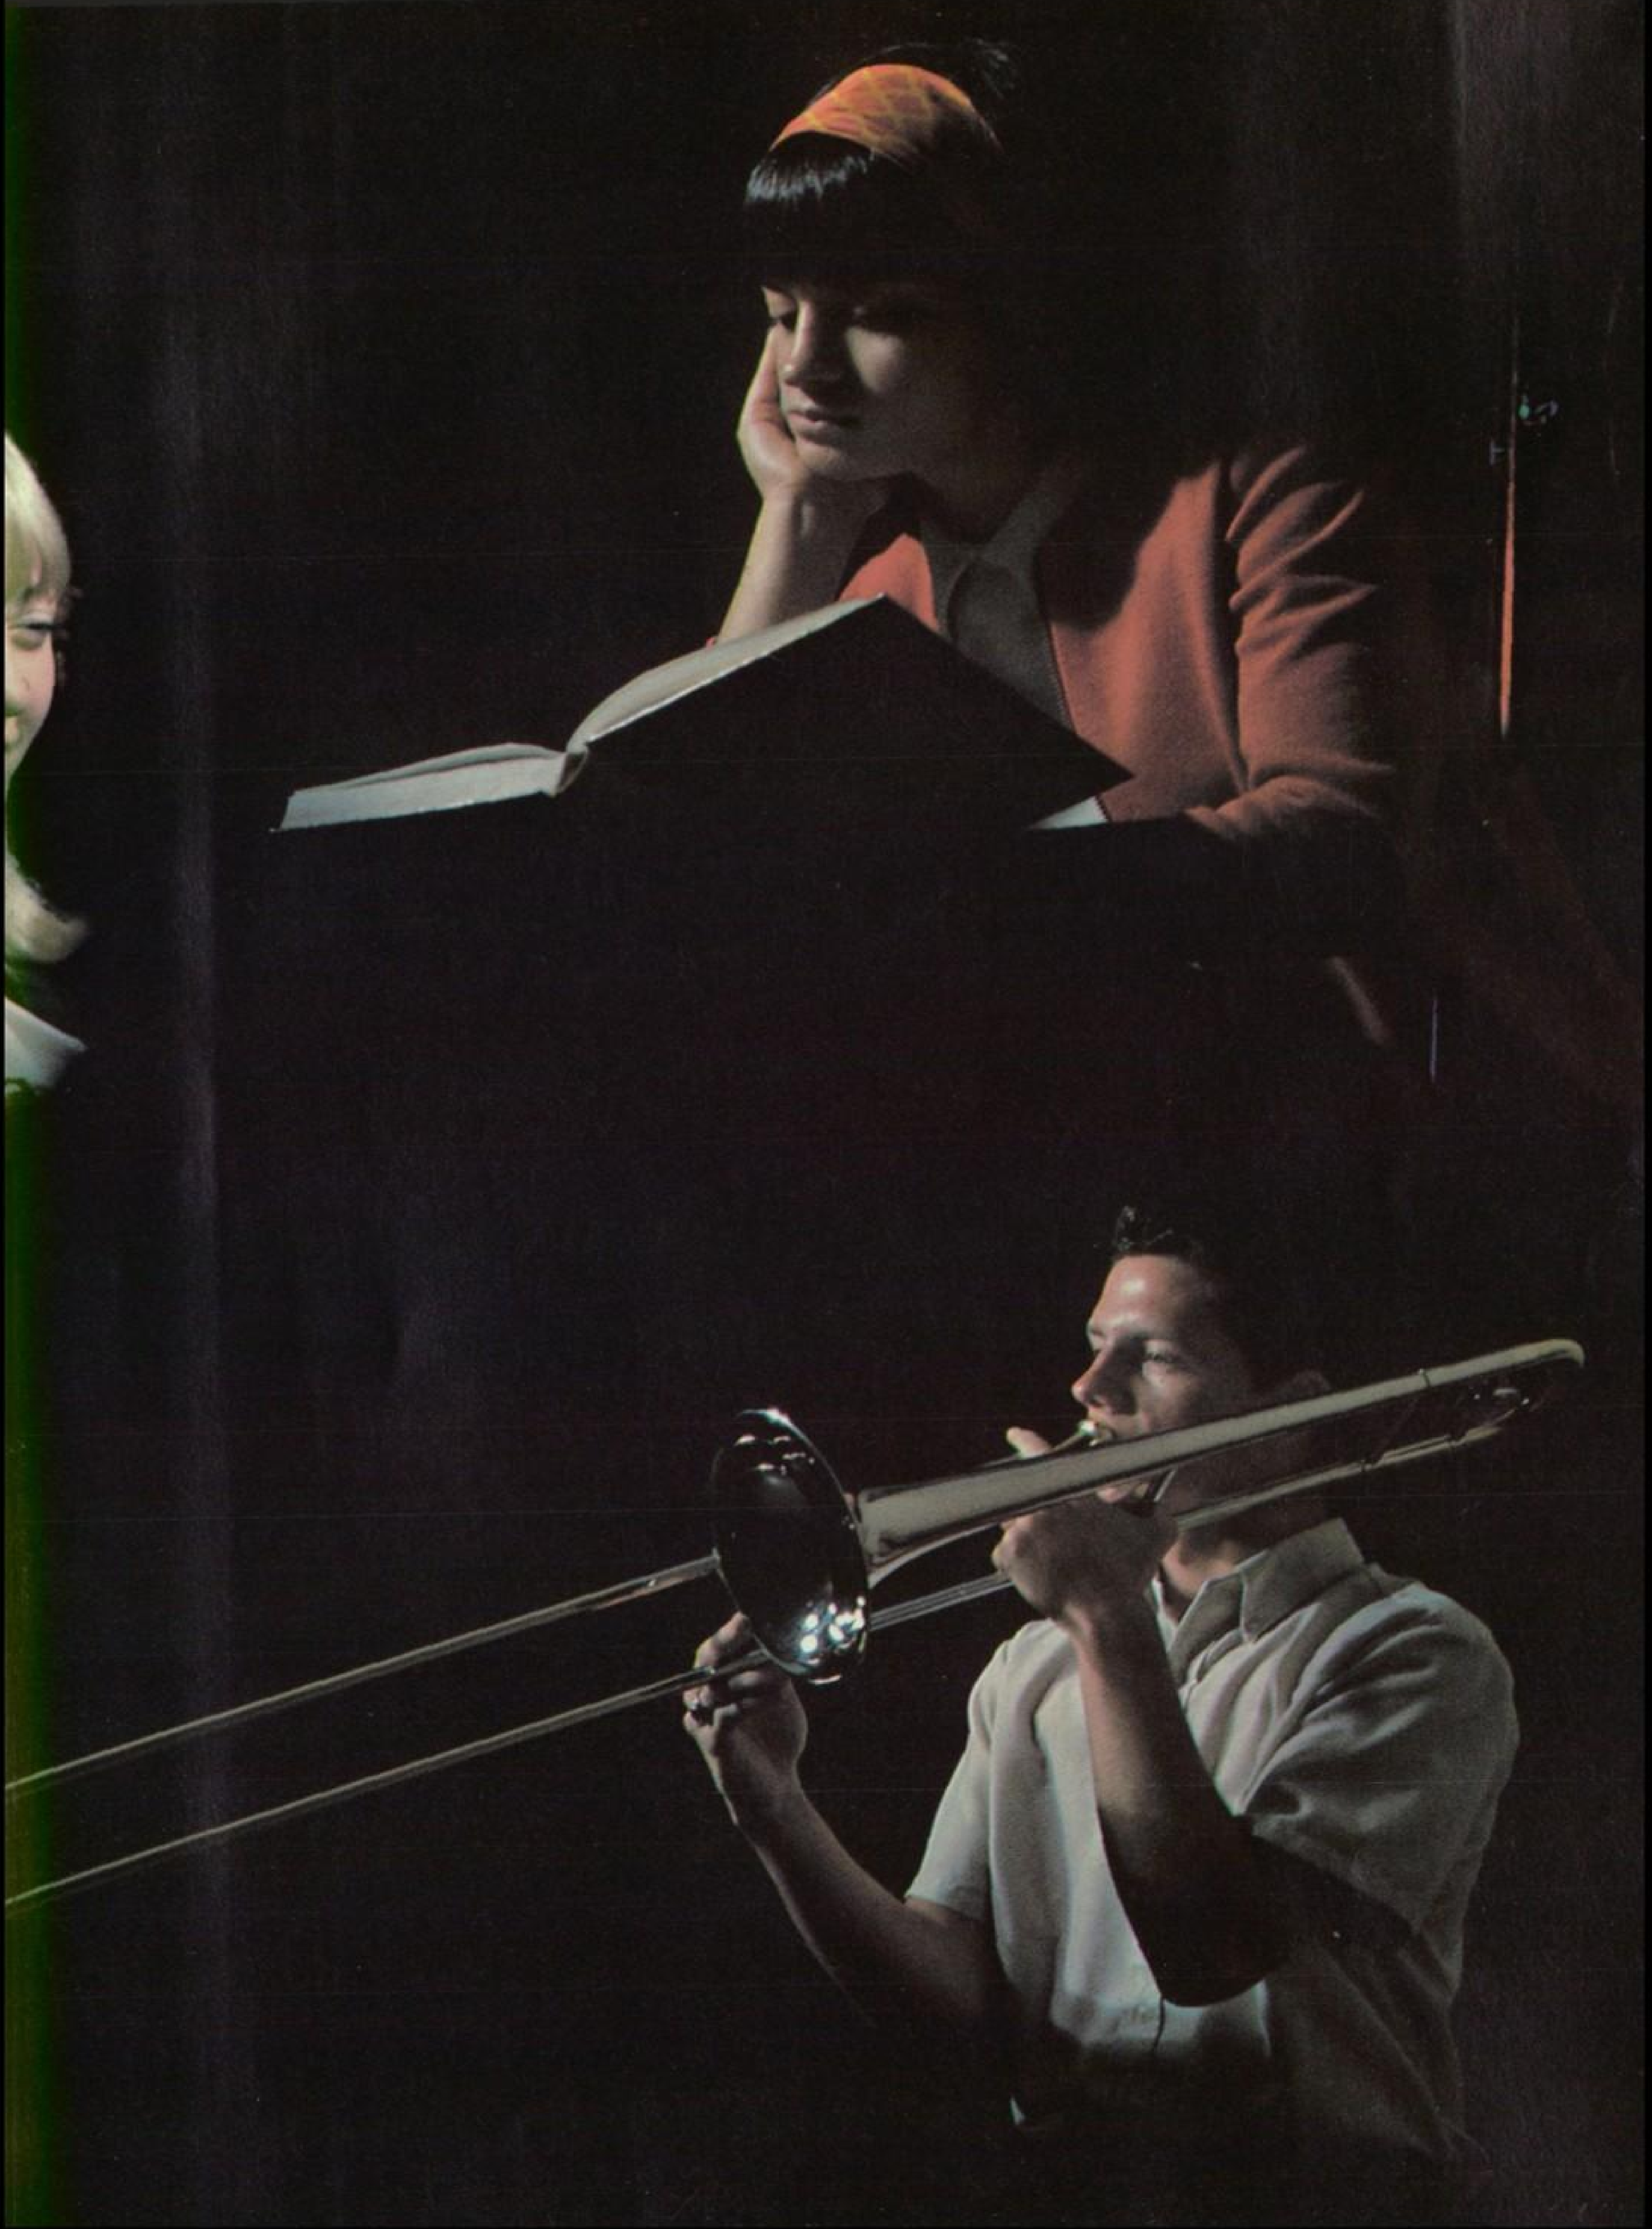
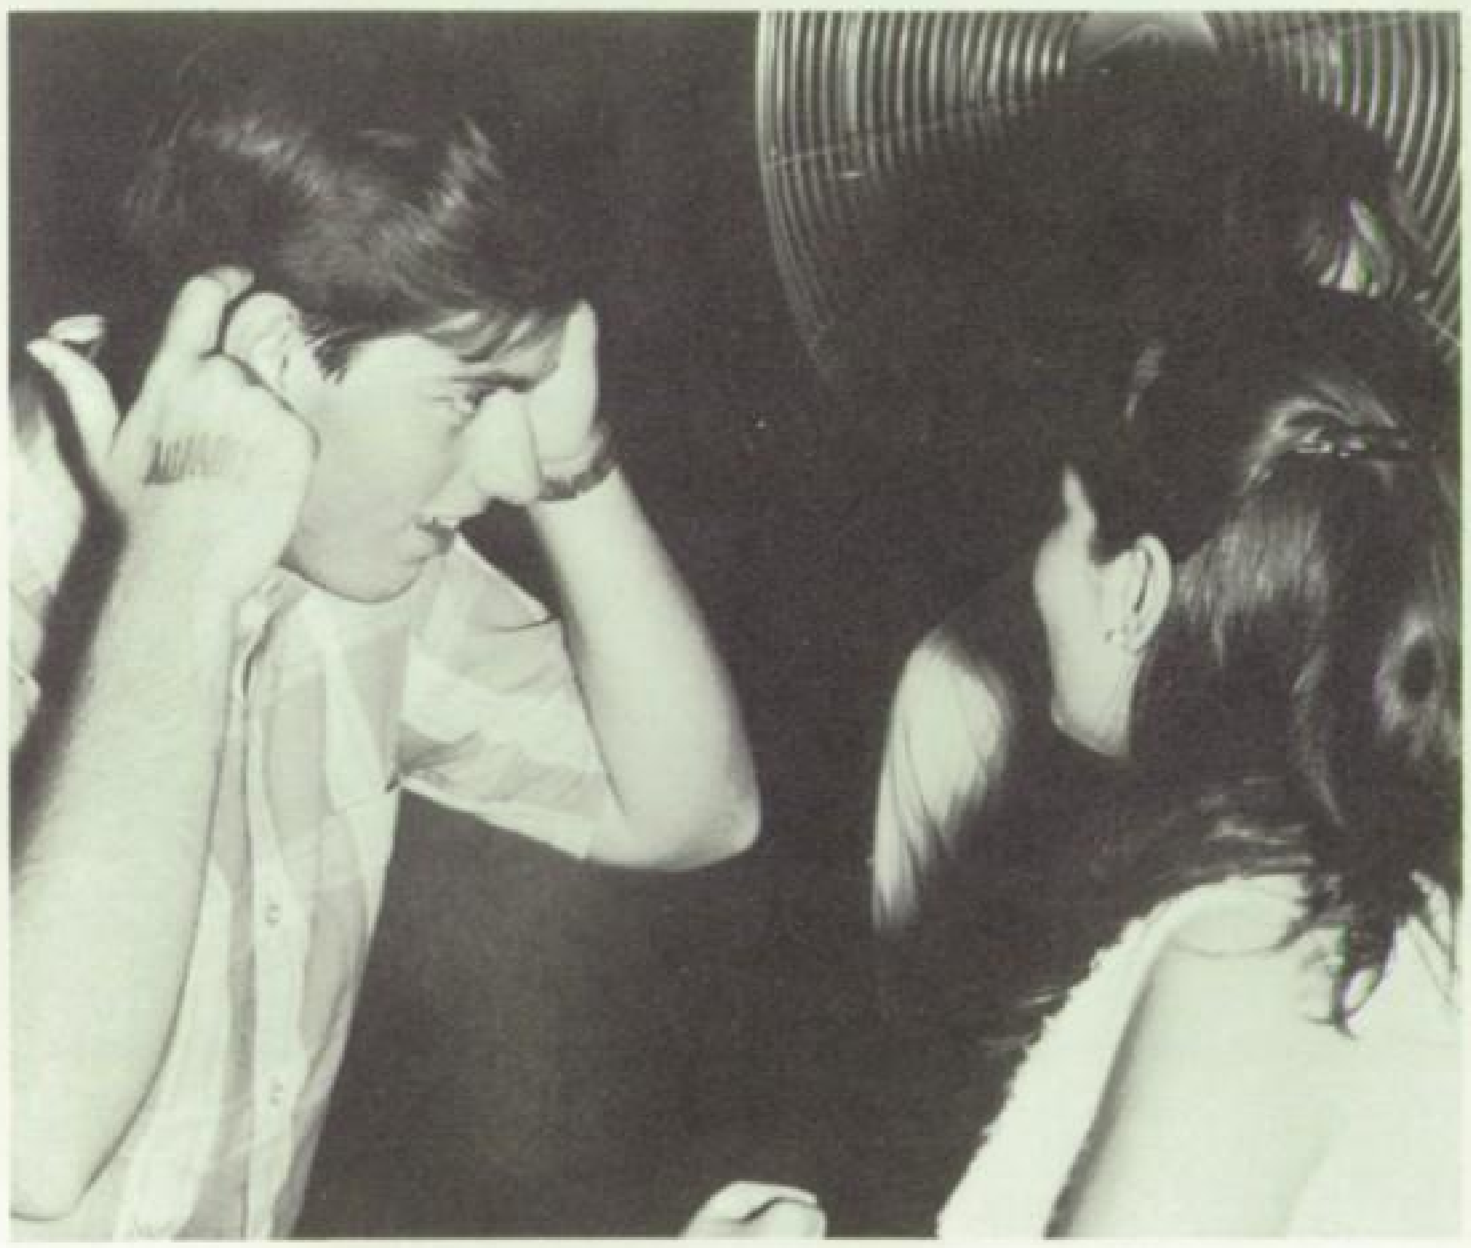
20

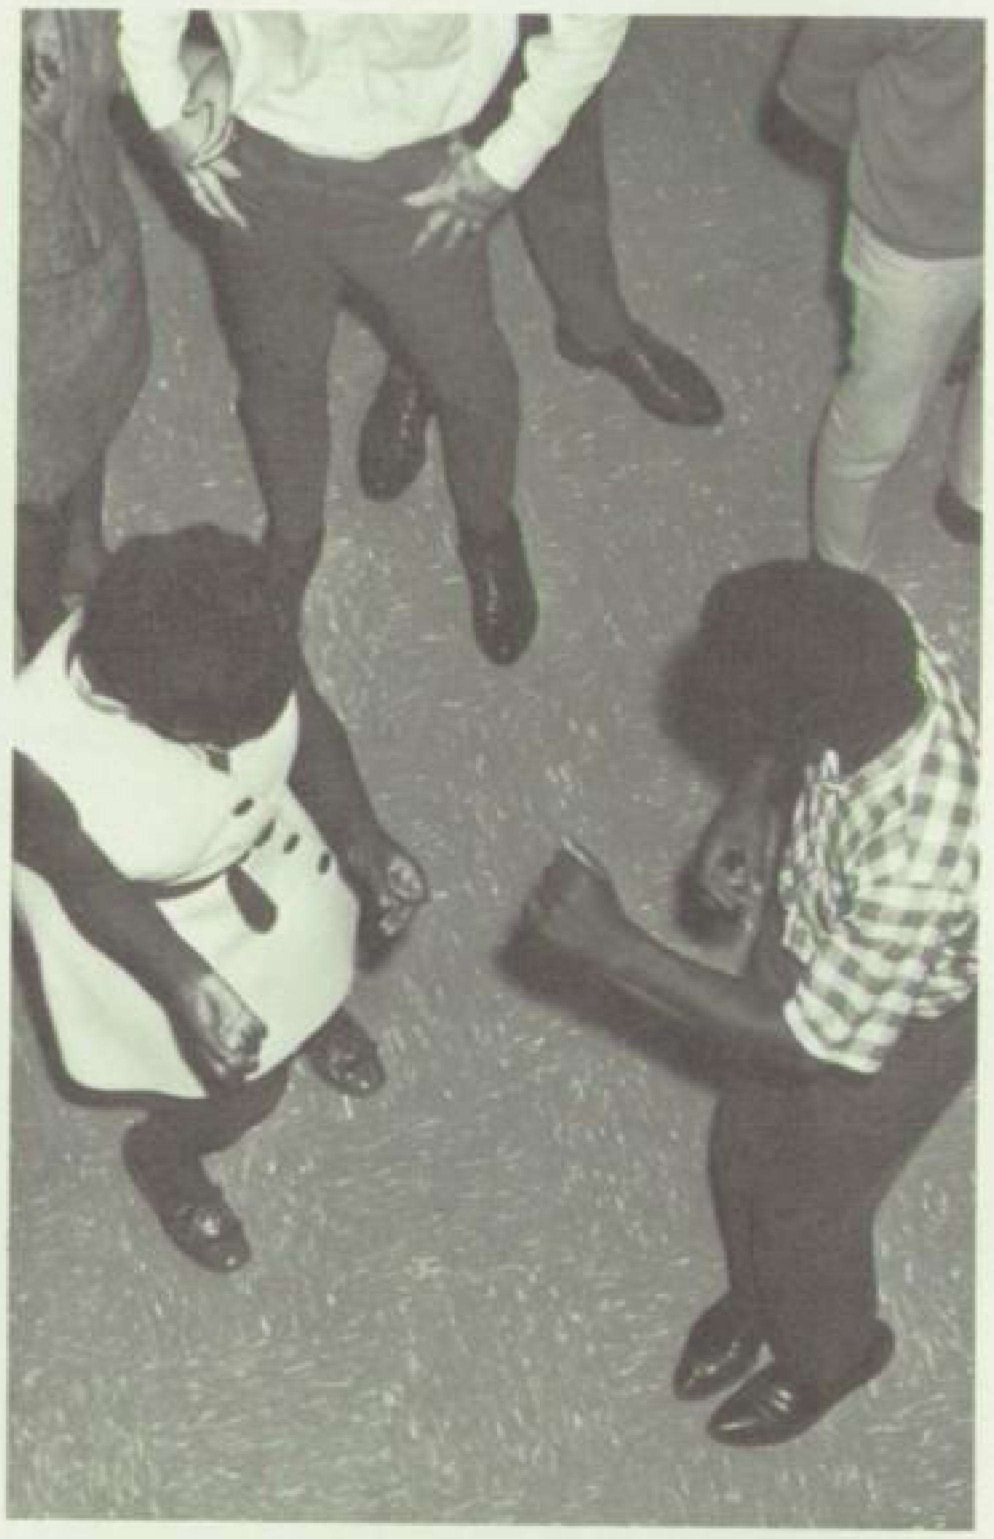
The ample facilities provided by our school for all aspects of education enable the Students to take courses that are best suited to their individual needs. The knowledge they obtain will help them prepare for the future.

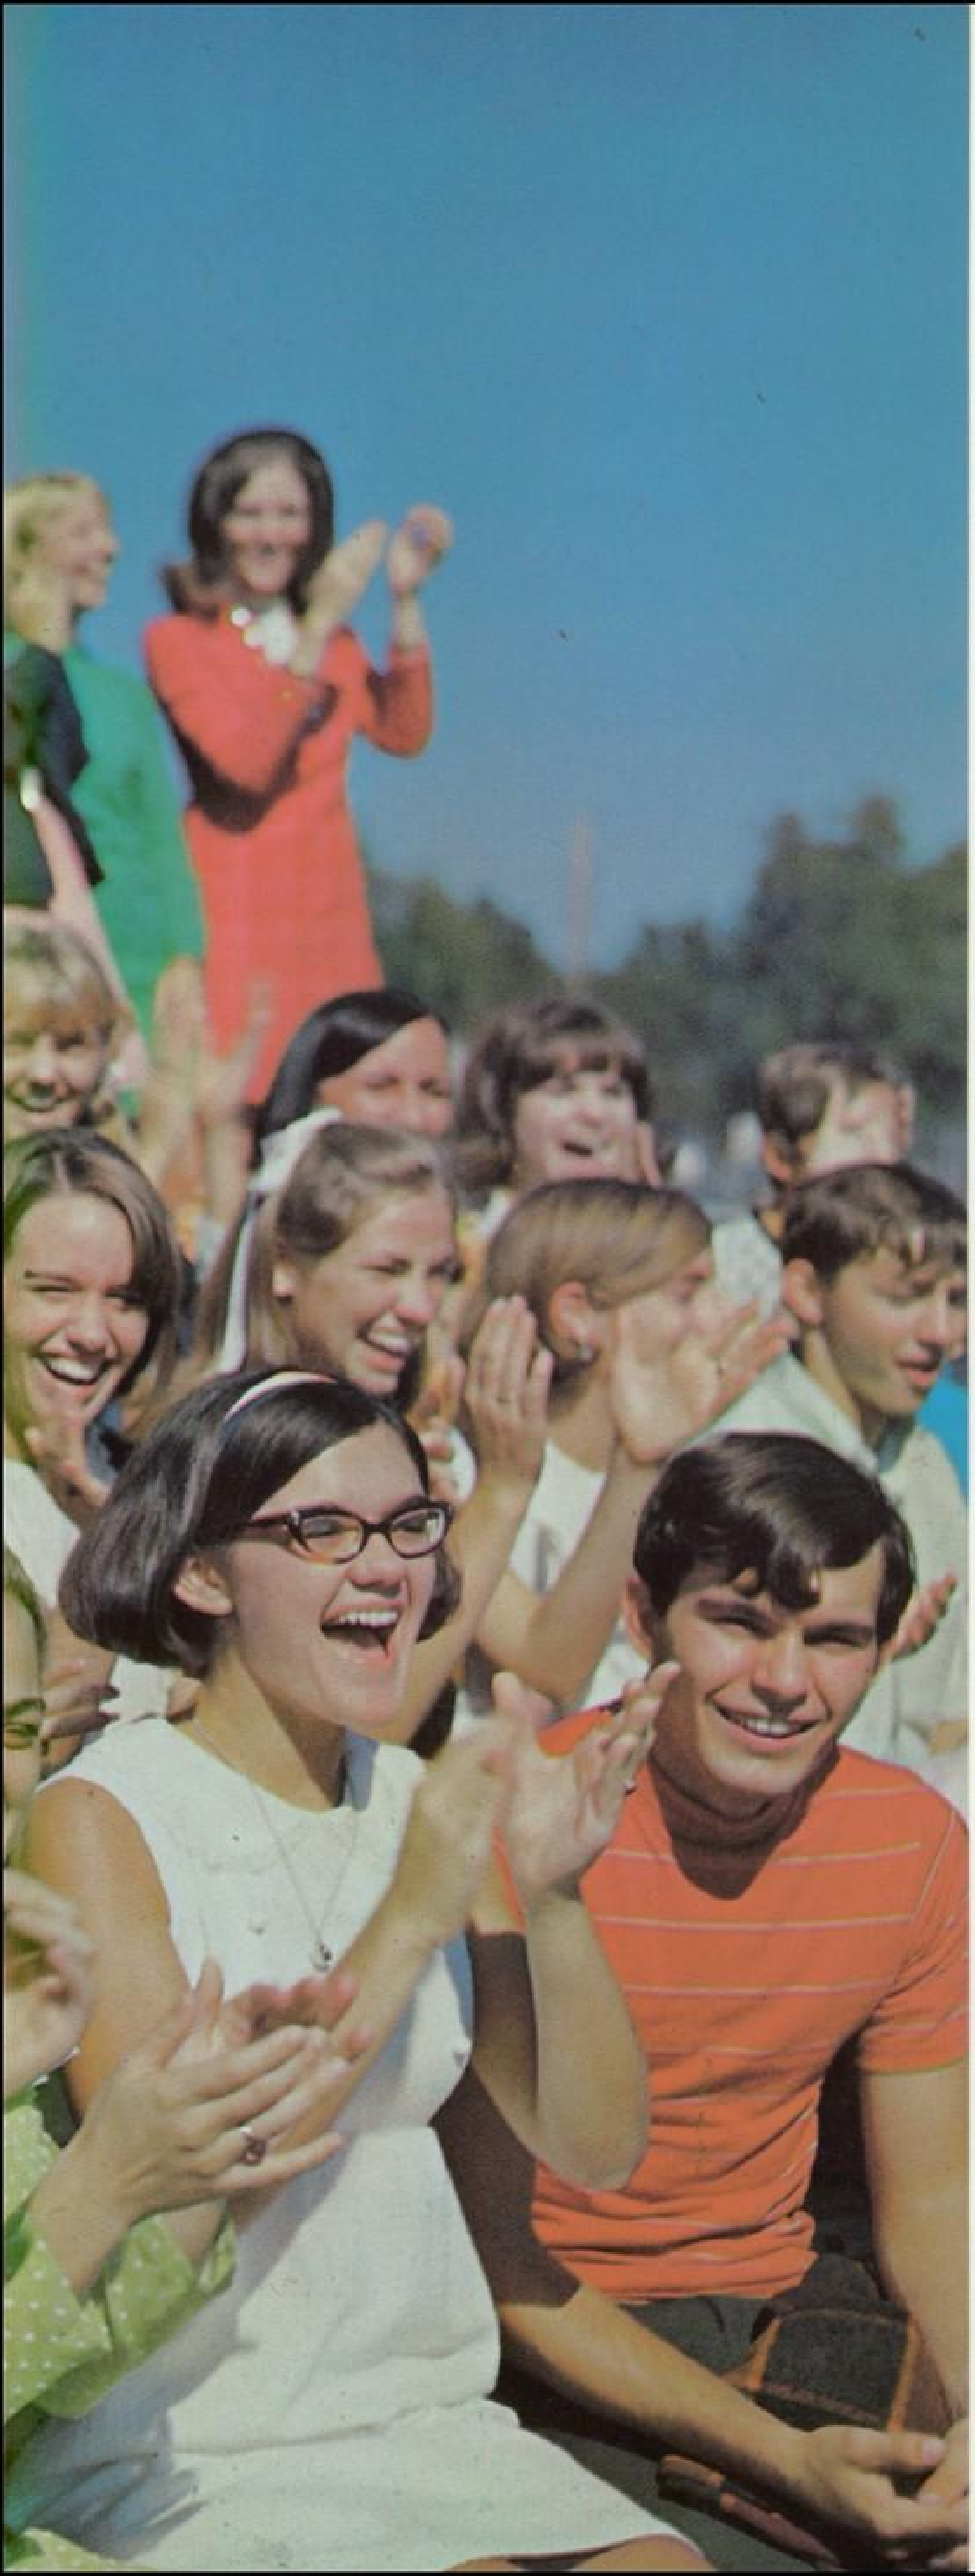




People

70

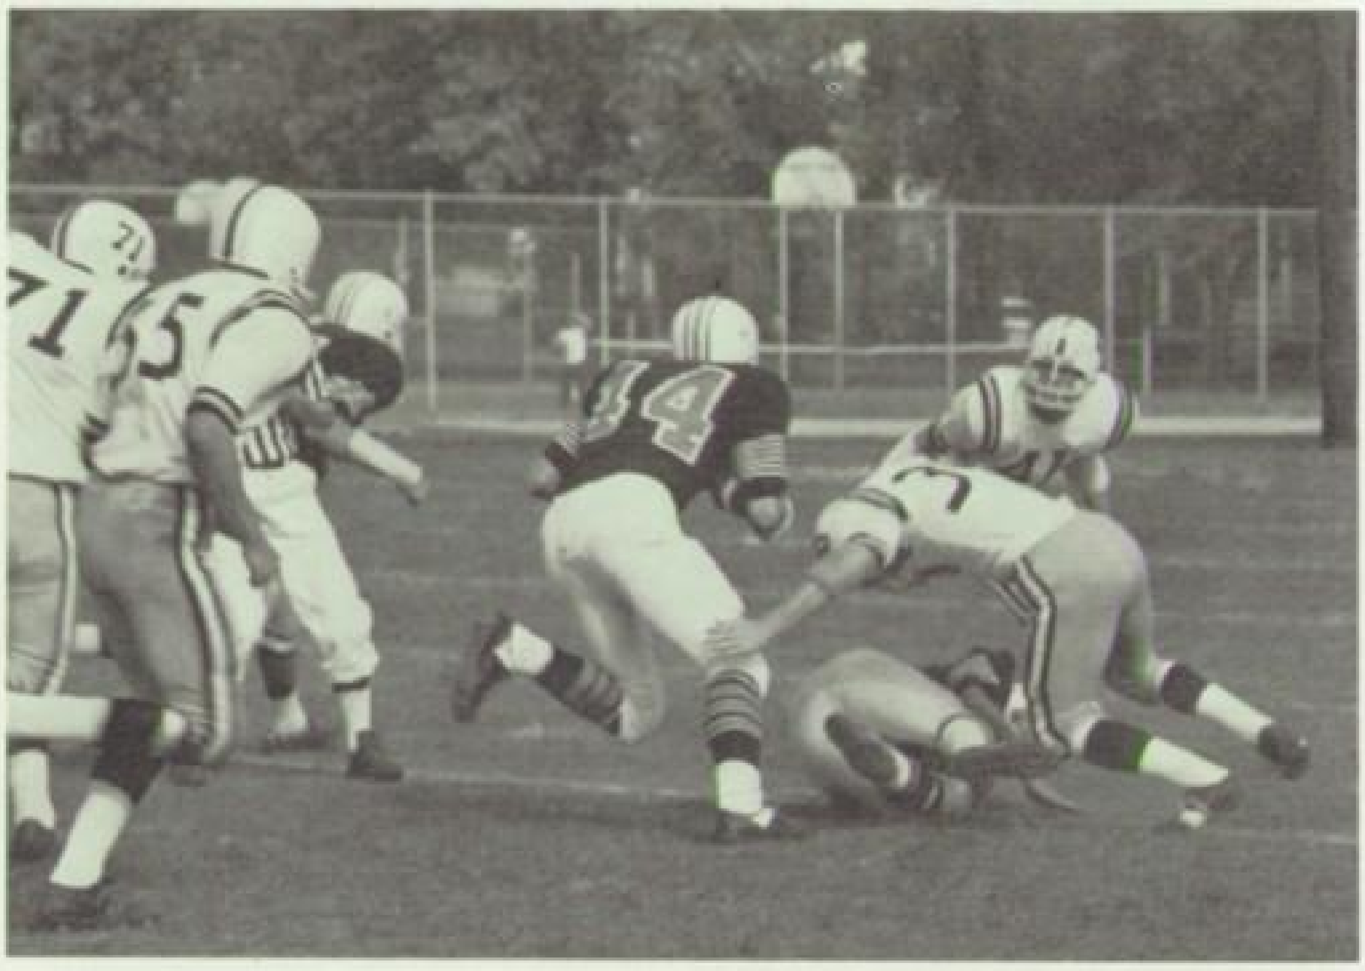




Spirit is people, supporting people, cheering the team on to victory. The success of a sporting event depends on the spectators. Their excitement encourages the players to do their best.

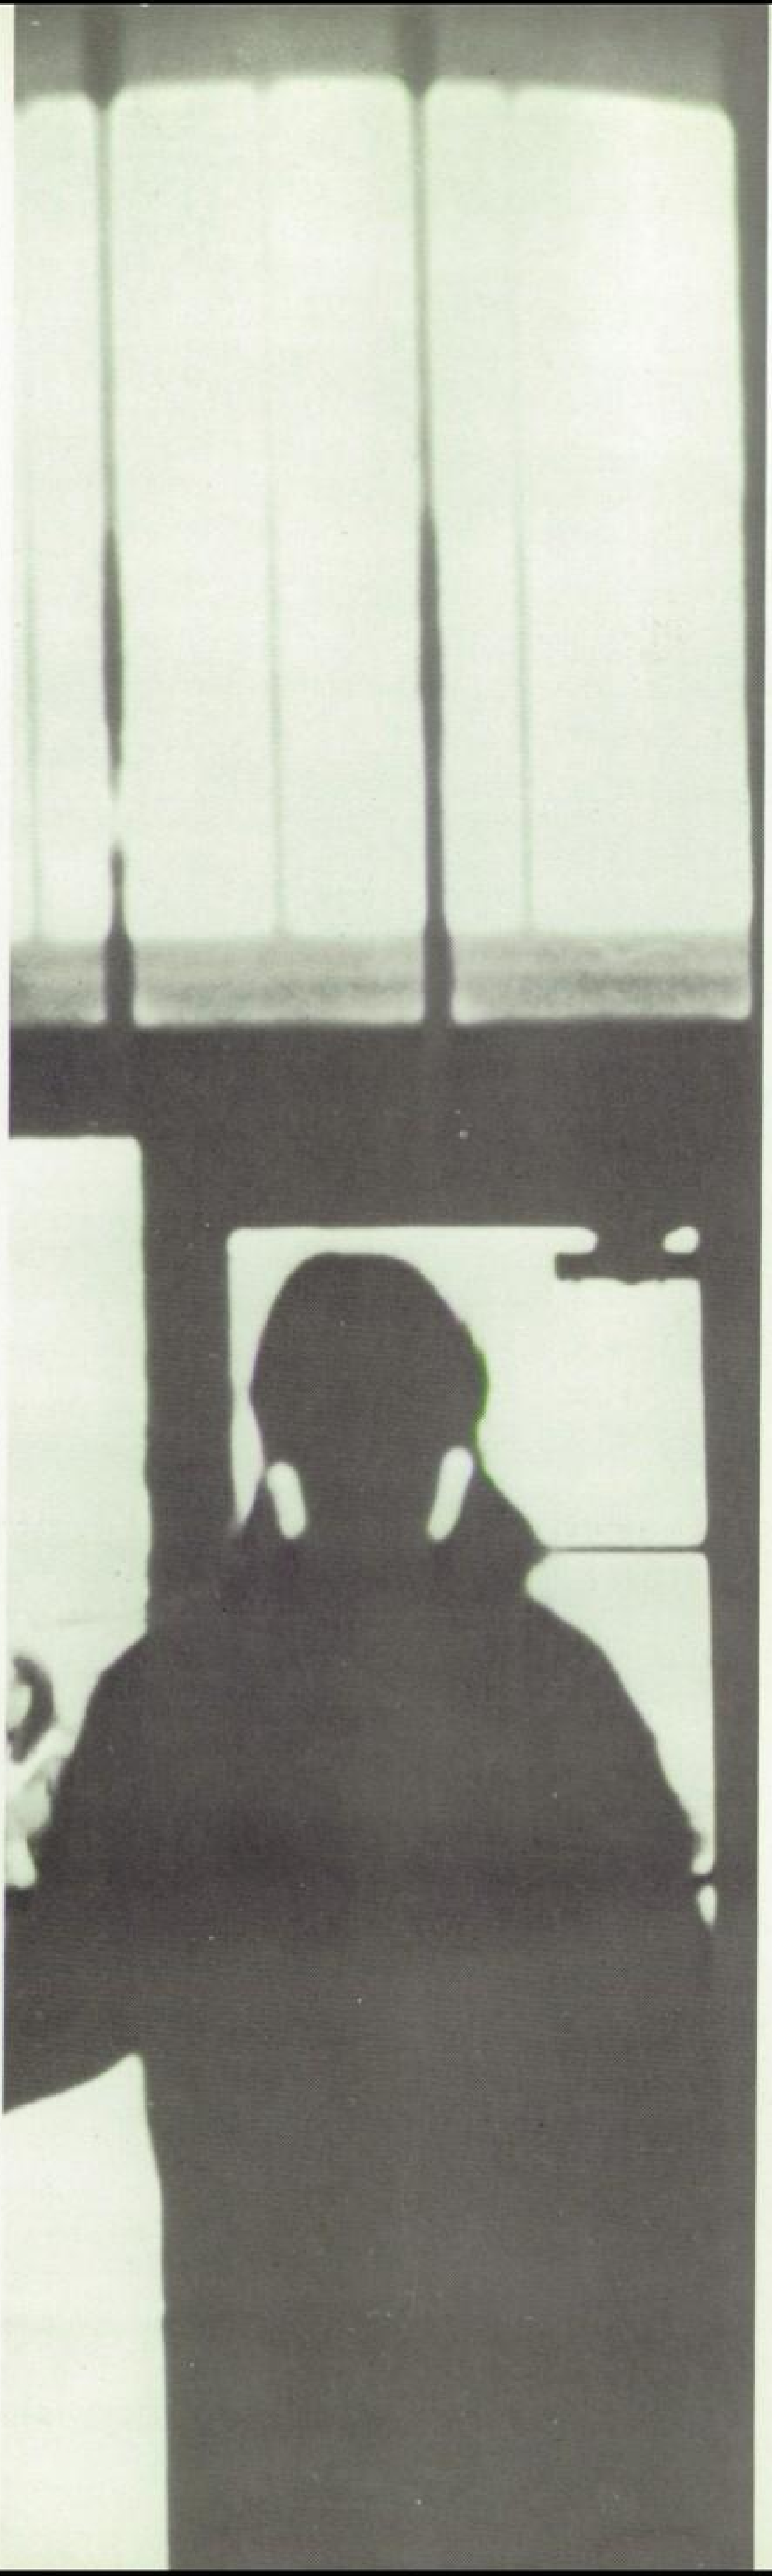
Homecoming gives Ritenour students an opportunity to display their talents and abilities. It is a unified expression of the unique elements which are Ritenour.

CLASS OF
"70"



RITENOUR

The excitement of a school dance, the rush between classes, and the nervousness of exams are all a part of the unique feeling at Ritenour. Yet, quiet moments are just as essential. Students think about the rapidly approaching future when they will no longer tread the halls of Ritenour.



The role of the faculty exceeds, as well as encompasses, teaching. They open the threshhold to new and exciting knowledge. The members of the faculty help the students not only in the classroom but also after school by sponsoring clubs and organizations.

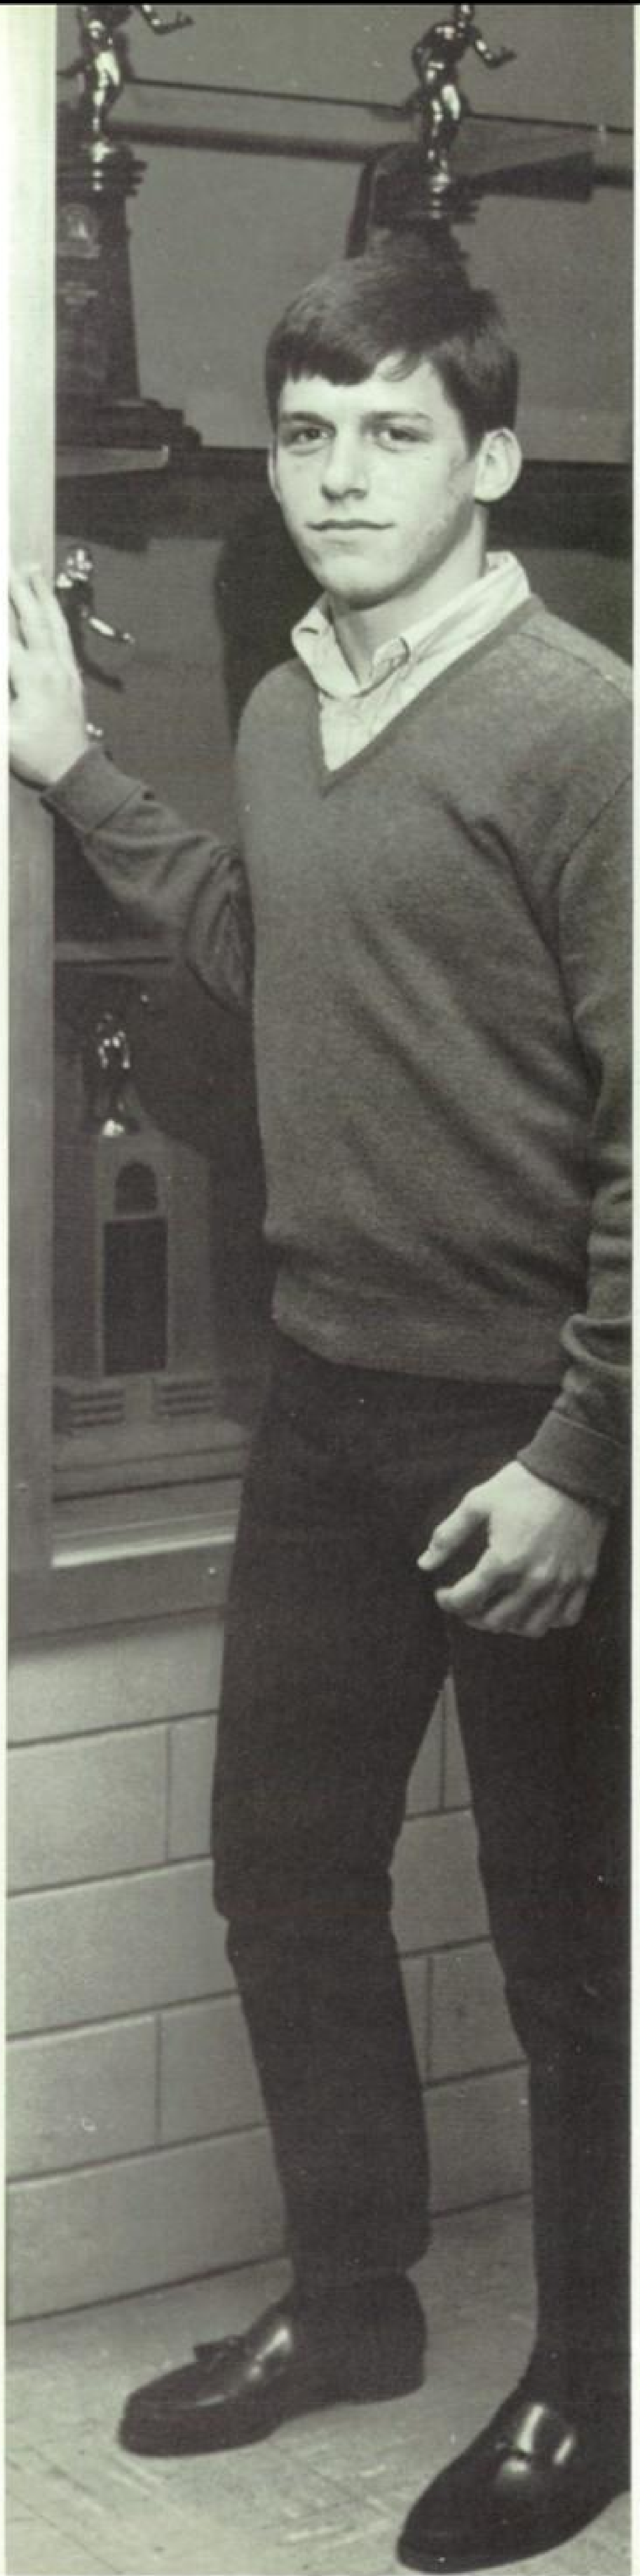
Custodians '70

Custodians have the difficult and time consuming job of keeping Ritenour looking its best. They do their best to keep the building in good condition.

Mr. Barnett, Mr. Edwards, Mr. Scott.



The first year of high school is a new and rewarding experience. Sophomores become acquainted with the numerous activities of Ritenour. They will continue these activities throughout high school.

Though the sophomore year is often considered the hardest, many seniors regret that they are not once again sophomores.

In Memoriam

June Alexander was an exceptional art student. She had planned to make it her career after graduation this year. Her friends will never forget her smile. Ritenour offers their sympathy to the Coy Alexander family and June's friends in their loss.

Patricia Madden was a sophomore at Ritenour. She had a promising future, which was unfortunately cut short by her tragic illness. Ritenour students and faculty extend their deepest sympathy to Pat's friends and to the Robert Madden family.
